## Definition of terms

### Sponsor (Referrer)

You are a Sponsor to all the members who used your referral link or your ID (“Invite links”) to register their MaVie account.

### Parent

You are a Parent to only two people in the Business structure, the first member of your left team and the first member of your right team, even if you are not their Sponsor.

### Upline

The member structure above your position in the compensation lineage of the Business structure, starting with your Sponsor.

### Downline

The member structure below your position in the Business structure, split into two teams, your left and right.

### Personal structure (Directs)

Members who register their MaVie account with your ID or referral link. Because you directly sponsored these members, we often refer to them as "Directs".

## Personal Volume (PV)

The sum of HUB purchases made by your Personal structure, which doesn't include your personal HUB orders (PO).

## Personal orders (PO)

The sum of your own Staking and/or Gaming HUB purchases.

## Business structure (Binary)

The Business structure is made of two teams, left and right. This means that only two members can be placed on your first level, one left and one right. The third one and all the rest are placed in your lower levels.

Your Business structure represents all of your team members, as it consists of the members sponsored directly by you, those sponsored by your team members and those sponsored by your upline, and anyone sponsored by those members (Spillover).

## Spillover

Refers to members who were placed into your Business Structure by your Upline.

## Business Volume (BV)

Represents the sum of sales generated by your whole Business structure's team, left and right team, including the "Spillover", where only the weaker team is considered for the Team Bonus calculation.

## A strong team

Stands for a team that generates a higher sales volume than the opposing team.

## A weak team (Paid Team)

Stands for a team that generates a lower sales volume than the opposing team. The Business Volume of this team represents the basis for the Team Bonus calculation.

## Weekly Cap

The maximum amount of the Team Bonus a member can receive in a period of one week. It is set by the current Rank.

## Unilevel Structure

This structure consists of only personally sponsored members, yours and everyone else's, where everyone can have unlimited members in his first generation.

## Unilevel Volume (UV)

It is the sum of your Unilevel Structure sales, which is only represented by everyone's Personal Volume (PV) within your team.

Based on the position in the Business structure, the Unilevel Volume is also divided into left and right.

## Referral Bonuses

Referral bonuses are rewards that members receive for their contribution to the company's recognition and growth. These motivational bonuses encourage personal and team sales by offering help to your personally sponsored members and their teams.

## MaVie Terms and Conditions

Your relationship between an Affiliate Marketing Company MaVie, and You, together with this Momentum Plan, is regulated by MAVIE Independent Distributor Terms and Conditions published on <https://mavie.global/terms-and-conditions>. All rights and obligations from this Momentum Plan are subject to the regulation of the general terms and conditions and may be changed in accordance with the rules as determined by the general terms and conditions.

## Carryover

Carryover is the remaining Business Volume of your stronger team after the bonus calculation, which is transferred to the following calculation. It is represented by the difference between the Business structure's strong and weak team's volume.

## Achieved Rank

The Achieved rank is the member's highest currently achieved Rank. It results from a lifetime of accumulated Business Volume in a weak team combined with the sum of Personal orders. Once a certain rank is reached, the corresponding rank reward can be claimed.

This Rank cannot be taken away, and the member can only progress through the following Ranks until the last one is reached.

## Qualification Rank

The Qualification Rank is a member's current Rank used to define a Team Bonus Weekly cap and the number of Generations available for the Matching Bonus.

It is calculated based on the lifetime accumulated Business and Unilevel Volume, for which the 40/40/20 rule applies, combined with the sum of Personal orders.

All Gaming HUB purchases count toward the qualification, but only those Staking HUBs whose Autostake was NEVER set to OFF.

## Staking HUB - NFT

Staking HUB - NFT (hereinafter: "Staking HUB") is an Ultron product sold through the MaVie Back-office.

## Staking HUB properties

Staking HUB		BUSINESS VOLUME

# Understanding your Team Structure

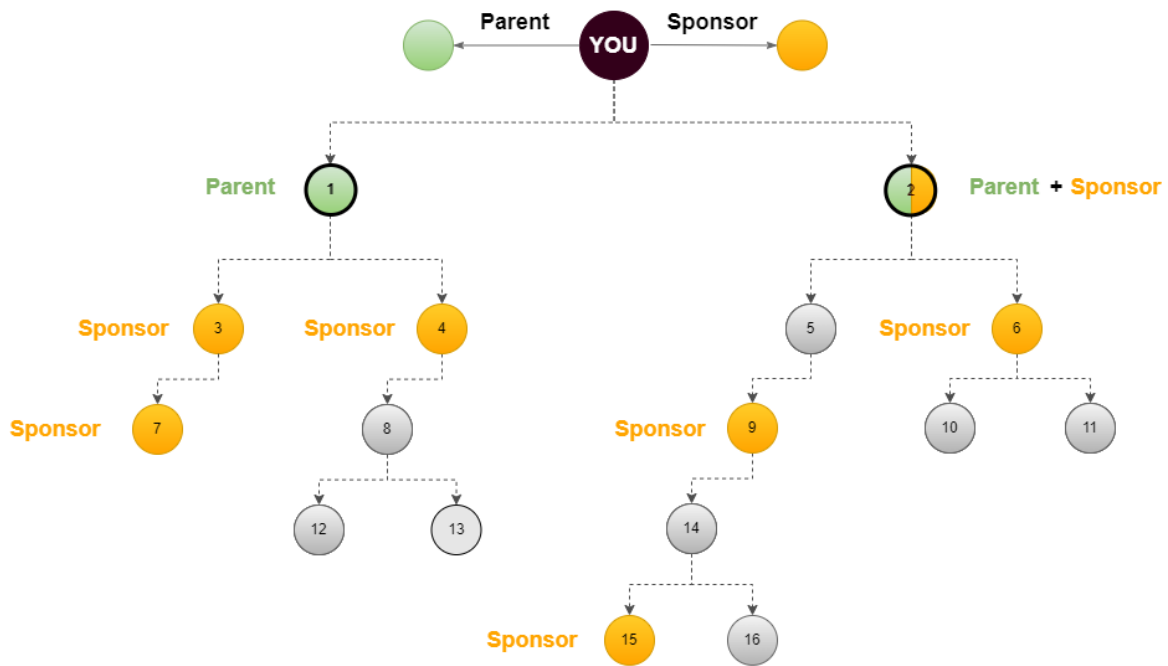

## Sponsor vs. Parent

You can be a Sponsor to an unlimited number of members, but you can only be a Parent to two members in your Business Structure, to those who are directly attached to your position in the structure.

To them, you may be both a Sponsor and a Parent if they are directly registered through your referral link.

Please refer to the image below:

*\*No. 1 is a result of a Spillover (not sponsored by you). That's why you are only a Parent to No. 1 but not also a Sponsor, while you are a Parent and a Sponsor to No. 2.*

On the presentation image above, you are:

- ❖ a Parent to No.: 1 & 2
- ❖ a Sponsor to No.: 2, 3, 4, 6, 7, 9 & 15.

## Business (Binary) vs. Unilevel structure

### Business structure

The two members that are directly attached to your position represent your first level. Their first level represents your 2nd level, and so on. The levels sequentially follow one another, where each new depth is considered a new level.

### Unilevel structure

This structure consists of personally sponsored members only, yours and everyone else's, where everyone can have unlimited members in his first generation.

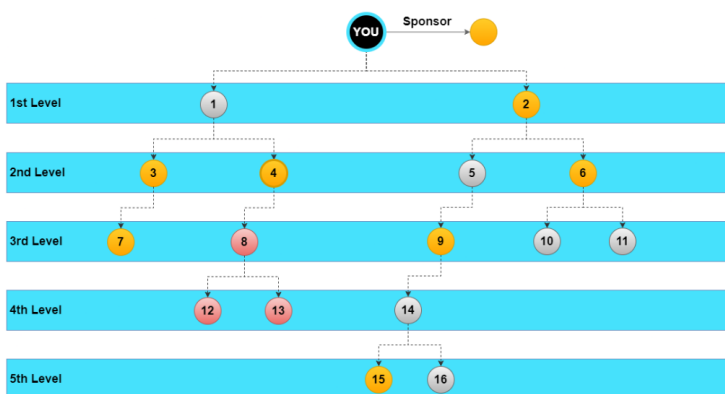

Members personally sponsored by you represent your first generation. Even if you sponsor a new member into your fourth (4th) level in your Business structure, this level would still represent your first (1st) Generation in your Unilevel structure.

Members sponsored by your first generation represent your second Generation, etc.

Based on the position in the Business structure, the Unilevel Volume is also divided into left and right.

### Business Structure

Direct & Indirect sales  
(personal, team & spillover)

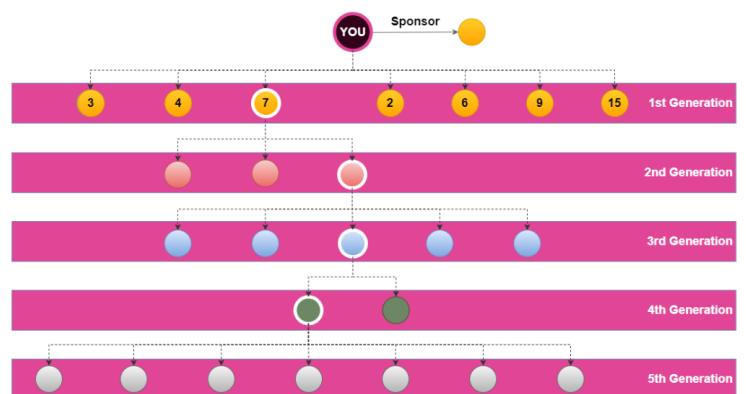

This structure contains **all of your team members**, the ones who were personally sponsored by you, the ones who they sponsored, and the ones who were sponsored by your uplines. The latter is called spillover.

This structure generates “Business Volume” (BV).

This structure has Levels.

### Unilevel Structure

Direct sales  
(personal & team)

This structure is **a different view** of the Team Structure, as it only contains Personally Sponsored members (Directs), yours, and everyone else's within your team.

This structure generates “Unilevel Volume” (UV).

This structure has Generations.

## How to Earn

To be eligible for all Referral bonuses, the following requirements must be met:

### REQUIREMENT 1

#### Purchased Back-office subscription

##### Back-office subscription

**49 USDT / 1-year**

Covered by a Trial period for the first 30 days after registration.

\*Multiple Back-office subscriptions are available

Back-office subscription includes:

- ❖ MaVie secure Back-office
- ❖ Team overview
- ❖ Accounting reports
- ❖ Staking HUB portfolio
- ❖ Gaming HUB portfolio
- ❖ Promotion conditions
- ❖ Marketing tools
- ❖ Training
- ❖ Administrative support

### REQUIREMENT 2

#### Purchased Staking or Gaming HUB

##### HUB - NFT

Staking	Gaming	Price (in USDT)
Solar Ranger	Lucky Ape	100
Star Catcher	Wise Elephant	300
Space Surfer	Fortune Panda	500
Galaxy Explorer	Raging Bull	1.500
Sun Seeker	Wealthy Tiger	5.000
Moon Walker	Rising Phoenix	12.500
Cosmic Whale	Mighty Dragon	30.000

### REQUIREMENT 3

#### Qualified Partner Rank

To become a Qualified Partner, a minimum of two (2) personal sales must be made, one on the left team and one on the right.

**Left Team**  
One Personal sale  
Personal Volume (PV)

**Right Team**  
One Personal sale  
Personal Volume (PV)

\*Back-office subscription gives you access to your Back-office.

\*\*Customers do not have to pay a Back-office subscription and still enjoy all the benefits of the purchased Staking and/or GamingHUB/s!

\*\*\*Back-office subscription does not generate Personal Volume (PV) and Business Volume (BV) and, consequently, the bonuses!

## Referral Bonuses

Referral bonuses are rewards that members receive for their contribution to the company's recognition and growth.

These motivational bonuses encourage personal and team sales by offering help to your personally sponsored members as well as their teams.

There are six (6) different bonuses available:

BONUS	BONUS CALCULATION TIME <small>(after the confirmed payment)</small>
<ol style="list-style-type: none"> <li>1. Rank Bonus <i>(Rank based)</i></li> <li>2. Direct Bonus</li> <li>3. Fast Start Bonus</li> <li>4. Team Bonus <i>(Rank based - Weekly cap)</i></li> <li>5. ### IMPORTANT:

- ❖ **Withdrawals** are only available to **verified members** (Completed KYC) with 2FA enabled!
- ❖ **One person/one account/one KYC**  
Each person can only have one (1) account registered to his name and complete one KYC process.
- ❖ All the bonuses that users receive are divided into two accounts:
  - 70% goes automatically to the user's **USDT balance**, which is available to withdraw at any time,
  - 30% to the **\*ULX Buy Back**.
- ❖ The accumulated lifetime **sales volume expires** after **180 consecutive days of having a Customer Rank**.
- ❖ **The bonuses** subject to the Momentum plan are **only available to members with a Qualified Partner Rank**, except for a Direct bonus, which is available to everyone, but is limited to 100 USDT per week.
- ❖ Bonus calculation time:
  - Direct Bonus is calculated immediately upon the confirmation of the order.
  - The calculation of all other bonuses takes up to one hour.

\*The **MaVie API** connected to **Ultron Swap DeFi exchange** uses your **ULX Buy Back balance** to instantly purchase **ULX coins** and add them to your special **Bonus HUB** balance.

## Rank Bonus

### Rank Explanation

Ranks play an important role in the Momentum plan, so it is good to understand how they work.

They define:

- ❖ Team Bonus Weekly Cap,
- ❖ Number of eligible generations for the Matching Bonus &
- ❖ The Rank Bonus rewards.

A member can advance to higher Ranks by generating the required Business and Unilevel Volume, for which the 40/40/20 rule applies, and having a sufficient volume of Personal orders.

All Gaming HUB purchases are considered for Rank advancement, but only those Staking HUBs whose Autostake was NEVER set to OFF.

### Basic Ranks

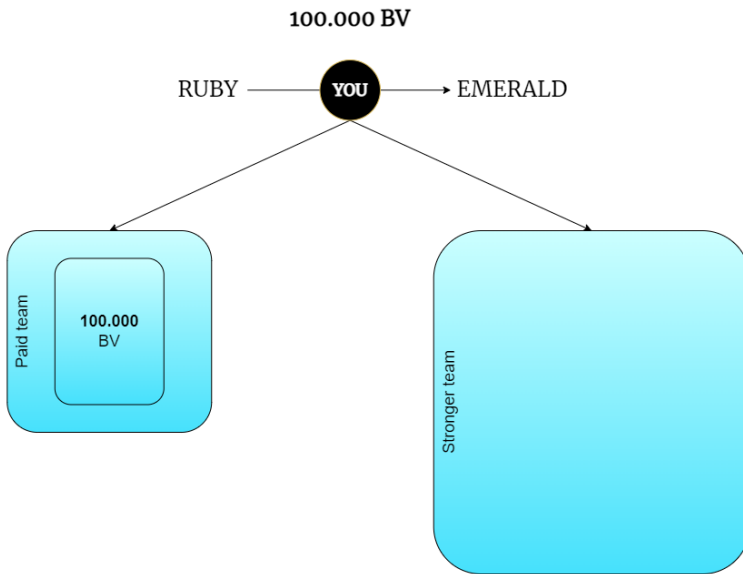

RANK	REQUIREMENT	BENEFIT
Member	1. Registered MaVie account	<b>Direct Bonus</b> max. 100 USDT per week
Member+	1. Registered MaVie account 2. Purchased Back-office subscription	<b>Direct Bonus</b> max. 100 USDT per week
Customer	1. Registered MaVie account 2. Purchased Staking or Gaming HUB	<b>1. Customer Back-office</b> Home, Staking HUBs, Gaming HUBs, My HUBs, Orders, Resources, Ranking
		<b>2. Direct Bonus</b> max. 100 USDT per week
Partner	1. Registered MaVie account 2. Active BO subscription 3. Purchased Staking or Gaming HUB	<b>Sales volume accumulated</b>  Eligibility to accumulate Personal, Business, and Unilevel Volume.
Qualified Partner	1. Registered MaVie account 2. Active BO subscription 3. Purchased Staking or Gaming HUB 4. Min. two (2) personal sales, one on the left team and one on the right.	<b>Bonus calculation</b>  Sales volume is calculated and turned into bonuses.

**NOTE:** When the Back-office subscription expires, a Partner Rank is automatically turned into a Customer Rank.

## Rank qualification explanation

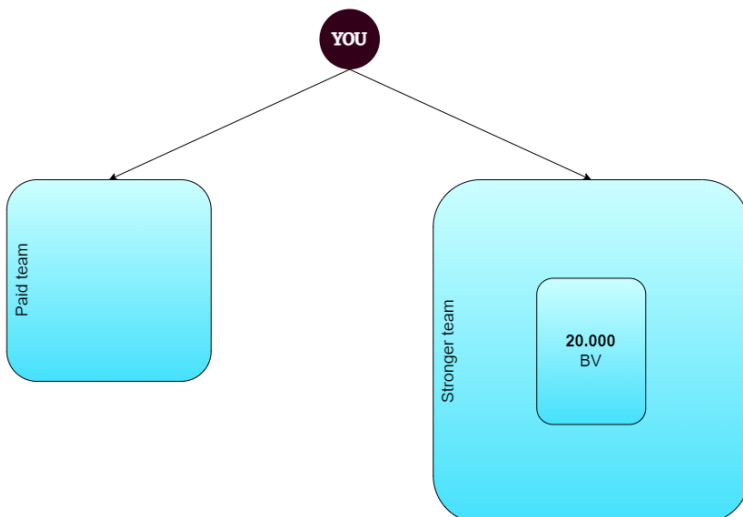

### BUSINESS VOLUME

The required volume needs to be generated in your Business structure's weak team (paid team).

### UNILEVEL VOLUME

The rule applies to the Unilevel Volume, where a maximum of 40% of two personally sponsored members' volume and a maximum of 20% of the third personally sponsored member and the others is counted in the quota of the required volume.

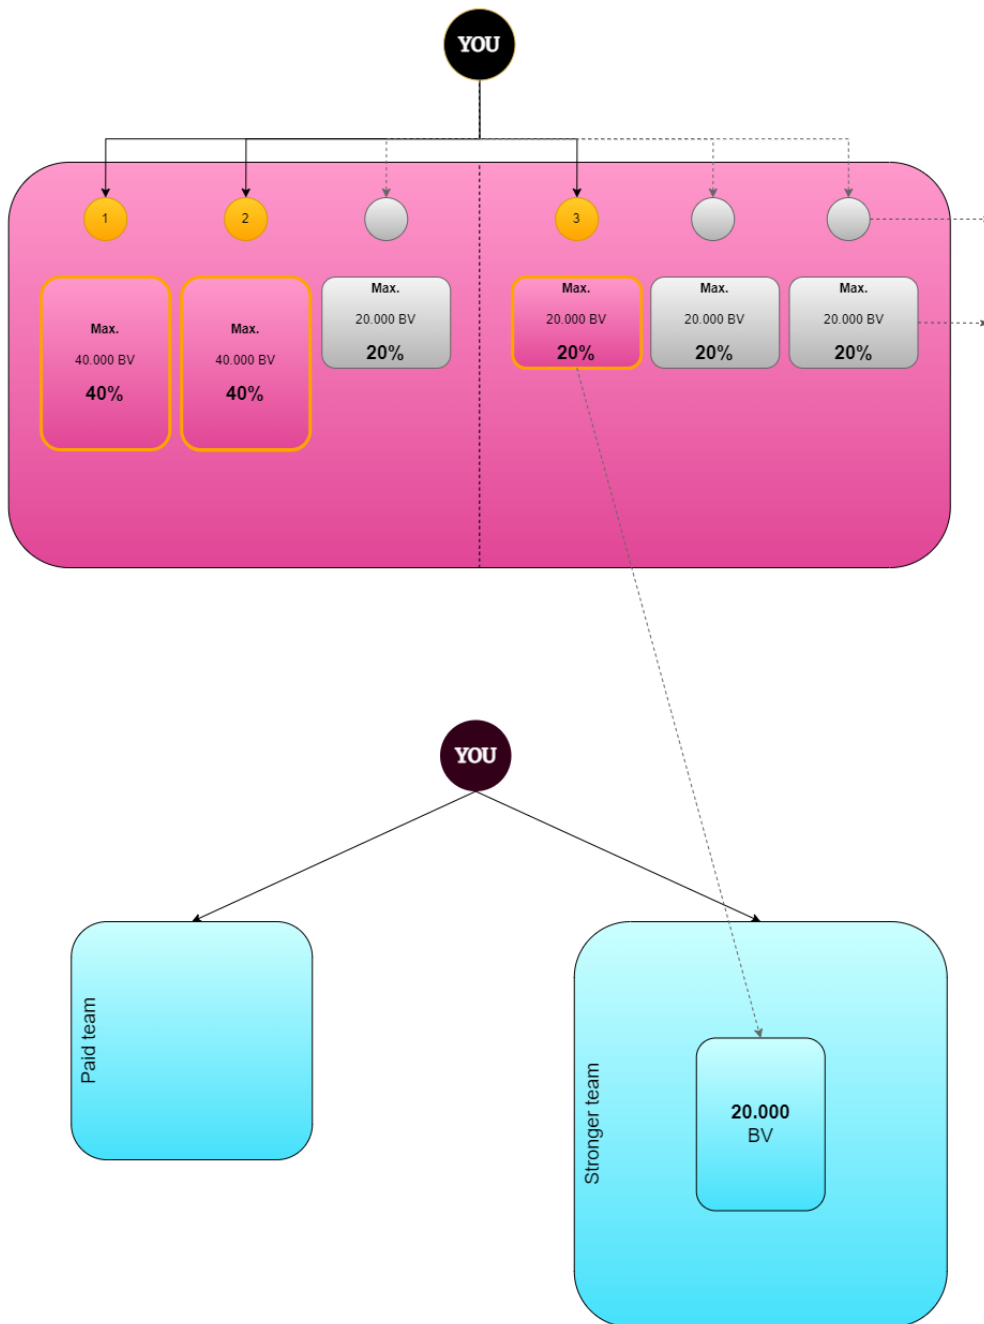

### STRONG TEAM (Power leg) - 20%

At least 20% of the Unilevel Volume must be generated by the Business structure's strong team (Power leg).

## Explanation of the 40/40/20 rule

1. The rule refers to the Unilevel Volume, where a maximum of 40% of two personally sponsored members' volume and a maximum of 20% of the third personally sponsored member and the others is counted in the quota required by the Rank.
2. At least 20% of the Unilevel Volume must be generated by the Business structure's stronger team (Power leg).

## Rank Bonuses

The Ranks are indicators of the growth of your business, bringing you statuses and rewards.

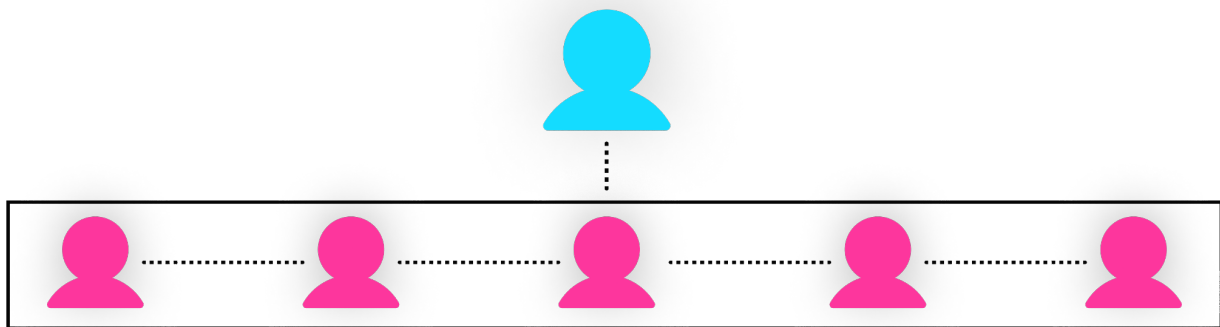

RANK	BONUS		
	Reward	Weekly Cap (in USDT)	Matching Bonus - 5% (up to 7 Generations) 
Qualified Partner	Qualified Partner NFT	5.000	/

## Direct Bonus

A Direct Bonus is a one-time bonus a member receives for every new personally sponsored member who purchases a Staking and/or Gaming HUB.

The bonus is **paid out in USDT** in the amount of **7% of the generated Personal Volume**.

**PV = PERSONAL VOLUME**

Each personal sale represents a new Direct Bonus:

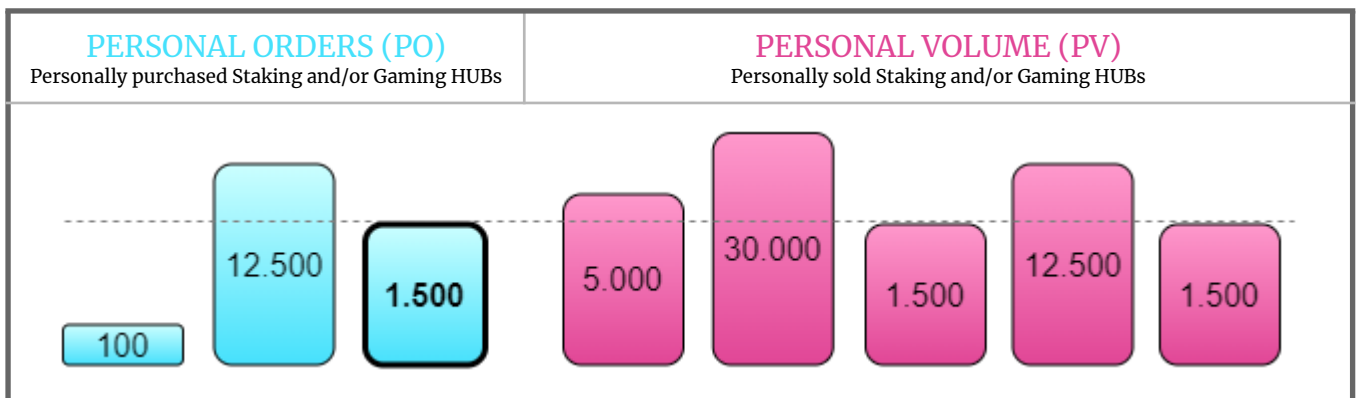

HUB Value	PV	Bonus 7%
100 USDT	100	7 USDT
300 USDT	300	21 USDT
500 USDT	500	35 USDT
1.500 USDT	1.500	105 USDT
5.000 USDT	5.000	350 USDT
12.500 USDT	12.500	875 USDT
30.000 USDT	30.000	2.100 USDT

## Fast Start Bonus

A Fast Start Bonus is a bonus that promotes a quick start and allows users to receive 50% of their Staking or Gaming HUB value back.

A Fast Start Bonus can be achieved in the first 30 days after registration by personally selling **5 Staking and/or Gaming HUBs, or a combination of them, as long as they are of the same or a higher value as your own.**

Example: In the example below, a member would receive a Fast Start Bonus of 750 USDT (50% of the value of his 1.500 USDT HUB) because all personally sold HUBs were of the same or a higher value.

Fast Start Bonus rules:

- ❖ Can only be achieved in the first 30 days after the registration.
- ❖ Five (5) personally sold Staking and/or Gaming HUBs of the same or a higher value.
  - The highest personally purchased Staking and/or Gaming HUB that meets the condition counts.
- ❖ Can be claimed after a 30-day period is over.

## Upgrading or downgrading Personal Order to receive a Fast Start Bonus

### Upgrading a Personal Order (PO)

PERSONAL ORDERS (PO) Personally purchased HUBs	PERSONAL VOLUME (PV) Personally sold HUBs
<p><b>Options:</b></p> <ol style="list-style-type: none"> <li>NO UPGRADE, receive a Fast Start Bonus for the 1.500 HUB (750)</li> <li>UPGRADE: Purchase a 5.000 USDT HUB, receive a Fast Start Bonus for the 5.000 HUB (2.500)</li> </ol> <p>50% of the highest matching combination</p>	
	

### Downgrading a Personal Order

PERSONAL ORDERS (PO) Personally purchased HUBs	PERSONAL VOLUME (PV) Personally sold HUBs
<p>Purchase a 1.500 USDT HUB to receive a Fast Start Bonus</p> <p>50% of the 1.500 HUB</p>	
	

## Team Bonus

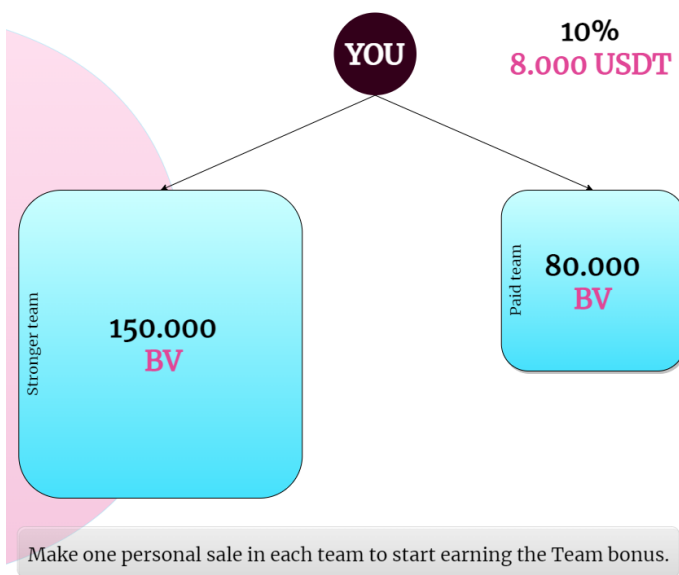

Your Business Structure consists of two teams: your left and right teams. Both generate Business Volume (BV), while the one with lower sales volume is considered your Weak Team (paid).

A Team Bonus (often called a "binary bonus") in the amount of 10% is generated by your Business Structure's Weak Team.

### Qualification

In addition to the purchased Back-office subscription, two direct sales must be made, one in the left and one in the right team, to get a **Qualified Partner** rank and achieve a general qualification for the Team Bonus.

Within one hour since the Qualified partner rank is achieved, the accumulated Business Volume is calculated and turned into bonuses. From now on, a Team Bonus is received one hour after each purchase within your Weak Team.

**Each purchase in your Weak Team represents a new bonus:**

HUB Value	BV	Bonus 10%
100 USDT	100	10 USDT
300 USDT	300	30 USDT
500 USDT	500	50 USDT
1.500 USDT	1.500	150 USDT
5.000 USDT	5.000	500 USDT
12.500 USDT	12.500	1.250 USDT
30.000 USDT	30.000	3.000 USDT

Example:

- ❖ Left team sales volume: 150.000 BV (Business volume)
- ❖ Right team sales volume: 80.000 BV (Business Volume)

In this case, a member would get a bonus of 8.000 USDT (10% of 80.000 BV).

Each new purchase within your weaker team represents a new bonus (from 10 to 3.000 USDT).

### IMPORTANT NOTE

- ❖ The Business Volume of the Strong Team is carried over to the next calculation.
- ❖ The Business Volume of both teams accumulates as long as the Partner Status is maintained. In the event that a member has 180 consecutive days of Customer Rank, the Business Volume is deleted.

## Team Bonus Weekly Cap

Team Bonus earnings are limited by your Rank, which is called a Weekly Cap. This means that the sum of your weekly Team Bonuses received cannot exceed the Weekly Cap set by your current Rank unless a higher Weekly Cap is defined by the purchases of the Staking and/or Gaming HUBs.

The Weekly Cap depends on the HUB value and the current Rank, where the system takes the highest Weekly Cap available. It can be increased by purchasing additional Gaming HUBs or Staking HUBs and keeping Autostake ON or by progressing through higher Ranks.

## Matching Bonus

The Matching Bonus is available to Ranks Diamond and above, and it represents 5% of the Team Bonus earnings of the members in your Unilevel Structure. The number of generations from which a member receives a Matching Bonus is determined by the rank (up to 7 generations).

Simply put, when your personally sponsored member/s and/or their personally sponsored members earn a Team Bonus, you get a 5% Matching Bonus on the amount of their Team Bonus.

### Matching Bonus Qualifications

The number of generations eligible for the Matching Bonuses is based on your current Rank (Refer to the table below).

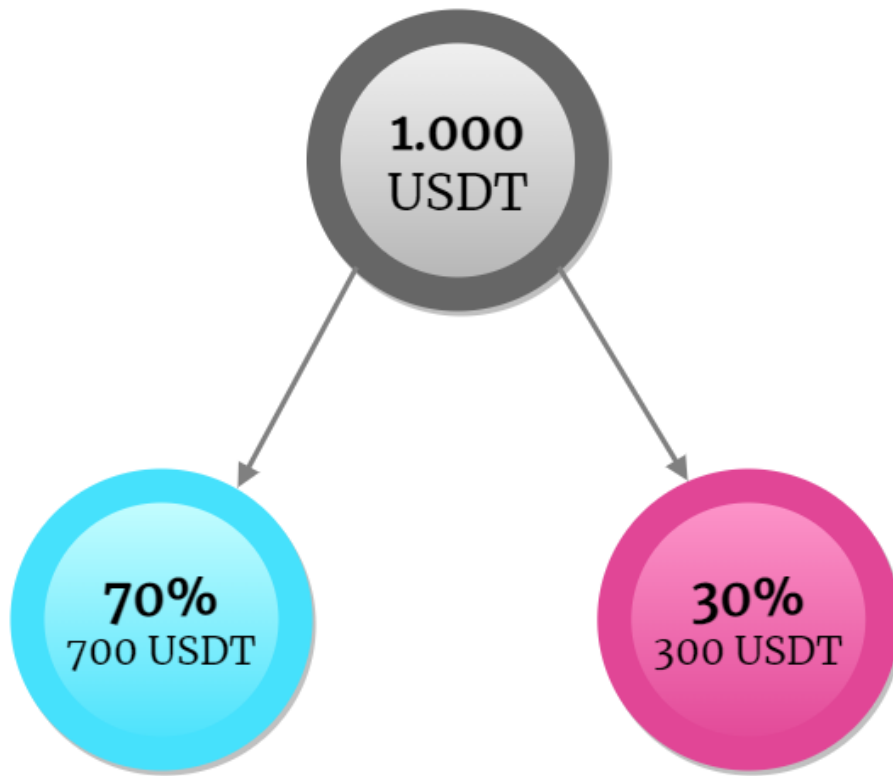

RANK	GENERATIONS

Example:

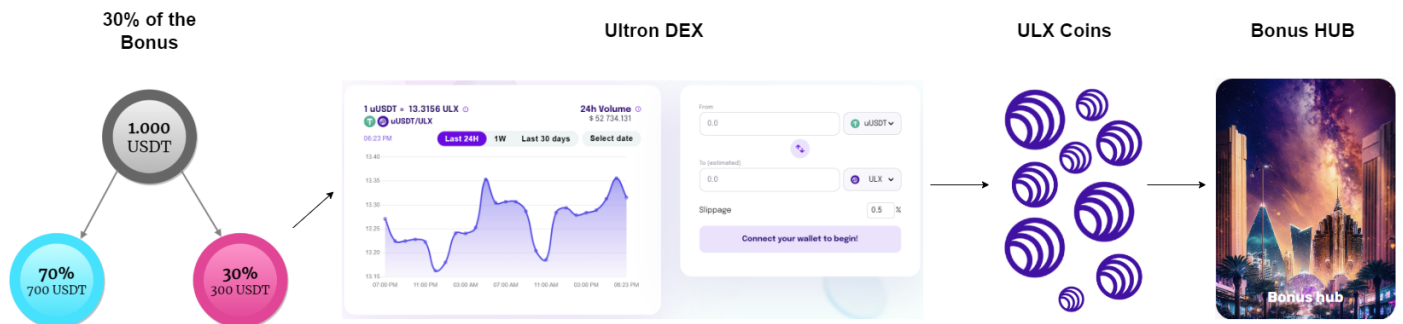

- ❖ You have a Blue Diamond rank, and Mark is your 3rd Generation
- ❖ Mark earns a Team Bonus of 8.500 USDT
- ❖ You get a Matching Bonus of 425 USDT (5% of 8.500 USDT)

## ULX Buy Back Support

All the bonuses members receive are divided into two accounts, where **70%** goes automatically to the user's **USDT balance**, immediately available to withdraw, and **30%** to the **Bonus Staking HUB balance**.

The **MaVie API** connected to the **Ultron Swap DeFi exchange** uses your **Coin-Collector balance** to instantly purchase **ULX coins** and add them to your special **Bonus HUB** balance.
